Philosophy

Thank you for enrolling your child in the JCC Early Childhood Education Center. Our preschool offers your child a warm, safe, loving environment in which to grow and learn. Through our individualized program your child can gain a sense of self-assurance, independence, and responsibility to themselves and others.

Our goal is for the maximum growth of each child at his/her own pace. A complete preschool program is balanced with generous opportunities for discovery play and creative activities. It is our objective to enable your child to develop in all areas including cognitively, socially, emotionally and physically.

Please read this family manual carefully so that you will become more familiar with our early childhood program policies and procedures. We look forward to working with you and hope you will become actively involved in our program. We strive to build positive relationships and partnerships with you.

Curriculum

The Katz JCC Early Childhood Education Center has had a long-standing reputation as one of the finest licensed preschool and child care centers in the area. The Creative Curriculum is a widely used, research-based early childhood framework (ages 0–5+) that emphasizes play-based, project-based learning to foster confidence, creativity, and critical thinking. It supports whole-child development across areas like literacy, math, and social-emotional skills.

Activities are both structured and spontaneous. The school provides opportunities that encourage the development of children's self-esteem and self-control with the use of positive guidance, an appreciation of cultural diversity and respect for each child's individuality. The Early Childhood Center also provides developmentally appropriate experiences for children regarding Jewish holidays and customs. We foster an understanding of Jewish culture and Jewish values in the context of a multi-cultural society. Your child will learn through actively exploring his/her environment, while at the same time developing skills within a multi-cultural program that places emphasis on the celebration of Jewish heritage and holidays.

Teaching Staff

Our warm and nurturing staff consists of certified teachers and assistants who are trained in Early Childhood Education and development. Their dedication, creativity, enthusiasm and years of experience provide a positive and secure environment for your child.

The director meets on a regular basis with the teaching staff to evaluate each child on an individual basis, as well as bring the most current early learning techniques and strategies to the children. The Early Childhood staff are CPR and First Aid Certified and are required to be re-certified every two years. Staff members continue their professional growth and knowledge of child development through participation in professional organizations, workshops and training experiences.

Schedule and Attendance

Research shows that consistent attendance is one of the most important predictors of a child's long-term academic and social success. To ensure children fully participate in our morning activities, we require all students be dropped off by 9:30 am daily, except in special circumstances such as medical appointments.

Children may attend the JCC Early Childhood Education Center only on the days for which they are registered, as outlined in the Schedule Contract. In accordance with state regulations, it is imperative to maintain appropriate staff-to-child ratios at all times. Please refer to the Tuition Rate Sheet and Schedule Contract for your child's schedule and fees. Changes to your Schedule Contract must be submitted at least two (2) weeks in advance using a Schedule Change Form, available in the Early Childhood Education Center office or online at jccatlantic.org.

A doctor's note is required for any illness resulting in absence from two (2) or more scheduled days. If your family is planning a vacation or extended absence, please provide advance written notice to the school office. This helps us plan appropriately, support your child during their absence, and ensure proper staffing and classroom continuity. Fees are not based on attendance, and refunds will not be issued for absences.

Thirty (30) days' written notice is required to withdraw a child from the Early Childhood Education Center. Upon withdrawal, the terms of the enrollment agreement remain in effect. Parents/guardians will continue to be financially responsible, and the deposit will be applied to any outstanding balance.

Tuition

Tuition is due on the 5th of every month. Tuition payments received after the 5th will automatically include a \$25 late fee. Any student who's tuition is not paid by the 10th of the month will need to be excluded from attending school until the outstanding balance is paid.

Sibling Discount

Early Childhood Education Center offers a discount for siblings. Please visit the school office for details.

Sibling Care During Public School Vacation/Holiday Days

The Early Childhood Education Center can also accommodate siblings or former Early Childhood Education families with care during public school vacations or closings. Please speak with your School Director in advance for specific rates, availability and requirements.

Family Referral Program

Our best referrals come from our happy families. As a way to thank you for recommending new families to us, we have a unique Family Referral Program: Receive \$100 tuition credit for each new child enrolled.

Lunch and Snacks

The Early Childhood program is kosher friendly in accordance with the Jewish Community Center policy. Please send a nutritious lunch and drink to school with your child each day. Meals may include dairy (ie. cheese) and fish (ie. Tuna) products but cannot contain meat (ie. Beef, chicken) or shellfish and crustaceans (ie. Crab, shrimp). Please send your child's lunch in a lunchbox, clearly marked with his/her name. The lunches are not refrigerated so please use a freeze pack if necessary.

If your child requires a special diet, or has food allergies, please inform their teacher as well as the Center office. Children needing an EpiPen due to allergies must have a treatment plan from their pediatrician.

The JCC will provide morning and afternoon snacks.

With your help, we like to encourage healthy food choices at lunch and snack time. Please refrain from sending candy.

Any pre-packaged foods for use by the entire class must have a mark for kosher on the container. (“K” or “U” Rabbinical endorsed Kashruth.) The school uses no meat or meat products. So please read labels. Dairy products, fish, fruit, crackers and vegetables are appropriate foods for lunch.

Examples of a special treat include:

These are all kosher and suitable for birthdays. Home baked goods are not permitted.

Parent Communication

Parents are encouraged to download the Free Class Dojo for Families App, when invited and choose to accept “push notifications” and/or receive text messages from the App.

Class Dojo strengthens vital engagement between home and school, allowing parents to share in and communicate about their child’s development.

Classroom updates and photos will be posted daily. Important information will be shared with parents via the messaging system in Class Dojo.

Social Media

While the Early Childhood Education Center recognizes and uses social media to communicate with our families and staff, we kindly ask parents to refrain from “friending” Marjorie & Lewis Katz JCC and Early

Childhood Education Center employees on Facebook or other social media outlets. We encourage families to connect using social media – but ask that they refrain from forming groups using the Katz JCC or Early Childhood Education Center names. We respectfully ask that, if there are any questions or concerns, parents speak directly with your School Director rather than using social media so we can work together to resolve questions or concerns with you. Posting any photos or video of any children other than your own on social media is prohibited. Please refrain from posting any photos or video of any school events or of children in attendance at the Early Childhood Education Center on social media.

Babysitting

We do not endorse or insure our teachers outside of the workplace and ask teachers to refrain from accepting or offering outside childcare services to currently enrolled families.

Illness at School and Sick Policy

We cannot emphasize enough the need for our parents to keep children home when they are sick. We will require the following protocol to be adhered to by staff and families. The following policies supersede any information in our Welcome Packet/Parent Handbook concerning illness:

- Any sick children and staff are required to stay home; this includes children and staff when having a temperature of 100.4 F or higher, or who are displaying symptoms including coughing, sneezing, shortness of breath, difficulty breathing, sore throat, loss of smell or taste, chills, muscle pain, headache, a rash, diarrhea, vomiting or lethargy.
- Children or staff with immediate family presenting with the above listed symptoms are required to stay home.

If a child or staff shows signs of illness at school

If a child or staff displays symptoms of illness while at school including, but not limited to fever, coughing, sore throat, runny nose, diarrhea, vomiting, lethargy, and rash s/he will be isolated in our supervised, designated area.

Parents will be notified and required to pick up their child immediately. Emergency contacts will be called and your child should be picked up within 30 minutes.

If your child is exposed to any excludable disease at the Center, you will be notified in writing.

COVID-19 Procedures

The Katz JCC Early Childhood Program will continue to monitor the latest health guidelines, NJ State mandated policies, CDC and local health department recommendations to make adjustments to our programming policies and procedures. Safety will always be our number one priority for our children, staff and families. Please visit our website for the most current policy & guidelines.

Returning to School after Illness

Your child may return to school under the following conditions:

- Your child has been fever-free for 24 hours without fever reducing medicines. If your child left school due to illness, they may not return the following day.
- Your child has been symptom free of vomiting or diarrhea for 24 hours and the child can tolerate a typical diet. A typical diet for an infant may include Pedialyte, while formula is reintroduced. Pedialyte for a supplement should be given for no longer than 24 to 48 hours.
- It is 24 hours after the first administration of medication and the child is no longer contagious.
- If a child is able to participate in the daily routine and curriculum of the classroom, including outside play.

In cases of diagnosed bacterial conjunctivitis, the child's eye must be free of discharge and have three doses of medication before they return to school. We ask that your child be home for 24 hours and meet the above criteria before returning to school to ensure that the infection is not spread to others in our school.

Medical Procedures

1. The first dose of any medication should always be given at home and with sufficient time before the child returns to school. When a child is ill due to a communicable disease that requires medication, the child must be on the medication for 24 hours before returning to school.
2. Medication will only be given when ordered by the child's healthcare provider and with written consent from the child's parent or guardian. A "Permission to Give Medication" form is attached to this policy.
3. Additional forms are available upon request. All information on the permission form must be completed before any medication can be given.
4. "As needed" medications may only be given when the child's health care provider completes a permission form that lists specific reasons and times when such medication can be given.
5. Medications given at school will be administered by the EC office. Please bring all medications labeled.

6. Any prescriptions or over the counter medication brought to school must be specific to the child who is to receive the medication, in its original container and to be labeled with the following information:
 - A. Prescription medication must have the original pharmacist label that includes the pharmacist's phone number, the child's full name, name of the health care provider prescribing the medication, name and expiration date of the medication, the date it was prescribed or updated, and dosing instructions, frequency and any special instructions for administration and storage. Children needing an EpiPen due to allergies must have a treatment plan from their pediatrician.
 - B. Over the counter medications must have the child's full name on the container and the manufacturers' original label with dosing instructions, frequency and any other special instructions.
 - C. Any over the counter medication without instructions for administration specific to the age of the child must have a completed permission slip from the health care provider.
7. Any information concerning observations, problems or suggestions in giving medication should be shared with staff caring for the child.
8. Parents need to sign all medication forms prior to staff dispensing the medications.
9. Upon enrollment in the Early Childhood Education Center at the Marjorie & Lewis Katz JCC, parents must submit their child's Universal Health Form and updated immunization record completed by their pediatrician.
10. The JCC does not accept religious exemptions, therefore all children enrolled in our program must be fully immunized according to the New Jersey Department of Health Immunization Requirements.

Cleaning and Disinfection

The Katz JCC has added a number of protocols to keep our children and staff safe including the following:

- Classroom materials are cleaned and sanitized throughout the day and at the end of each day.
- Staff and children will wash their hands upon arrival and after each activity or transition in addition to meal and bathroom time.
- Chairs, tables, doors and common areas will be wiped down frequently throughout the day.
- During nap time, children's nap time mats/cribs will be placed 18+" apart
- Regular deep cleaning of the entire building at night and regular cleaning throughout the day.
-

What is the plan for cleaning throughout the day and in the evenings?

Facilities have expanded cleaning and disinfecting each night and additional staff present throughout the day for consistent sanitizing of door handles, tables, chairs and other high contact surfaces.

Additional janitorial personnel are assigned to disinfect common areas with a professional Electrostatic Sprayer utilizing Aero Rough and Ready RTU disinfectant cleaner throughout the preschool buildings every evening. The sprayer provides complete disinfectant coverage on all hard and soft surfaces. The disinfectant used is a US EPA registered broad-spectrum disinfectant. It is safe to use in schools.

Discipline Policy

Our teachers are experienced and trained to be sensitive to the needs of the children. Individual attention will be given to help each child understand what is expected of him/her at an age-appropriate level.

We use a positive reinforcement policy when working with the children. We will use verbal praise to reinforce a positive self-image. However, there may be times when it is necessary to remove a child from the group setting. Under adult supervision he/she will be removed from the activity for a limited amount

of time. Continued interaction between the teachers and parents will be a part of this ongoing process.

If in the opinion of the Early Childhood Education Center Director your child poses a continued threat to the safety and well-being of the other children he/she will be asked to withdraw from the program permanently. Prior to this action, you will receive written notification of this decision. We will refund any unused portion of your school fees.

Behavioral Management Policy

Unfortunately, there are some reasons we have to expel a child from our program either on a short-term or permanent basis. We want you to know we will do everything possible to work with the family of the child(ren) in order to prevent this policy from being enforced. The following are reasons we may have to expel or suspend a child from this Center:

- Made a complaint to the Office of Licensing regarding a Center's alleged violations of the licensing requirements.
- Reported abuse or neglect occurring at the Center.
- Questioned the Center regarding policies and procedures.

SCHEDULE OF EXPULSION

- If after the remedial actions above have not worked, the child's parent/guardian will be advised verbally and in writing about the child's or parent's behavior warranting an expulsion. And expulsion action is meant to be a period of time so that the parent/guardian may work on the child's behavior or to come to an agreement with the Center.
- The parent/guardian will be informed regarding the length of the expulsion period.
- The parent/guardian will be informed about the expected behavioral changes required in order for the child or parent to return to the Center.
- The parent/guardian will be given a specific expulsion date that allows the parent sufficient time to

seek alternate child care (approximately one to two weeks' notice depending on the risk to other children's welfare or safety).

- Failure of the child/parent to satisfy the terms of the plan may result in a permanent expulsion from the center.

PROACTIVE ACTIONS THAT CAN BE TAKEN IN ORDER TO PREVENT EXPULSION

Policy on the release of Children

Each child may be released only to the child's parent(s) or person(s) authorized by the parent(s) to take the child from the center and to assume responsibility for the child in an emergency if the parent(s) cannot be reached.

If a non-custodial parent has been denied access, or granted limited access, to a child by a court order, the center shall secure documentation to that effect, maintain a copy on file, and comply with the terms of the court order.

If the parent(s) or person(s) authorized by the parent(s) fails to pick up a child at the time of the center's daily closing, the center shall ensure that:

1. The child is supervised at all times;
2. Staff members attempt to contact the parent(s) or person(s) authorized by the parent(s); and
3. An hour or more after closing time, and provided that other arrangements for releasing the child to his/her parent(s) or person(s) authorized by the parent(s), have failed and the staff member(s) cannot continue to supervise the child at the center, the staff member shall call the 24-hour State Central Registry Hotline 1-877- NJ-ABUSE (1-877-652-2873) to seek assistance in caring for the child until the parent(s) or person(s) authorized by the child's parent(s) is able to pick-up the child.

If the parent(s) or person(s) authorized by the parent(s) appears to be physically and/or emotionally impaired to the extent that, in the judgment of the director and/or staff member, the child would be

placed at risk of harm if released to such an individual, the center shall ensure that:

1. The child may not be released to such an impaired individual;
2. Staff members attempt to contact the child's other parent or an alternative person(s) authorized by the parent(s); and
3. If the center is unable to make alternative arrangements, a staff member shall call the 24-hour State Central Registry Hotline 1-877-NJ-ABUSE (1-877-652-2873) to seek assistance in caring for the child.
